

MOSAIC

IES DEPARTMENT, DUBAI SCHOLARS PVT. SCHOOL

For inclusion to work successfully, more than equality, we require equity in our schooling systems. Equity requires us to put systems in place that ensure every child has an equal chance for optimum achievement.

- Suzanne Rodricks
Phase Head- EYFS & Lower Primary

Say Something

With increasing use of technology and greater emphasis on delivering individualised & flexible learning, it's important for schools to ensure they have the tools to meet learning needs of all students. Edtech at Dubai Scholars allows personalization of each student's learning. We use the Read & Write app, Chrome Books, Tabs & Android tablets in our classrooms.

- Sairah Shaukat
Head of EdTech and innovation

SPECIAL OLYMPICS 2019 HELD AT ABU DHABI

The 2019 Special Olympics World Summer Games was a multi-sport event for athletes with intellectual disabilities in the tradition of the Special Olympics movement. It was held in Abu Dhabi, United Arab Emirates from March 14–21, 2019 with 7500 participants from all over the world.

No Limits 2019

'Autism Awareness Day'

April 28th, 2019 was observed as Autism Awareness Day at Dubai Scholars. All staff and students, from Years 1 to 10, came dressed in blue to support the cause. The students of Years 2 to 10 wrote messages on the Autism Awareness ribbon. This ribbon is on display in the quadrangle opposite the foyer. The students of Year 1 participated in the activities by placing themselves in the formation of the ribbon. This activity provided all of us an excellent opportunity to promote autism awareness and acceptance.

'Sessions on bullying'

The IES Department conducted sessions with students of the primary phase to address the issue of bullying and create awareness about the impact bullying has on a person's physical and emotional well-being. The team members reiterated the fact that the school has a zero tolerance policy to bullying and has installed a 'Share Your Story' box outside the department to encourage students to write about anything that disturbs their emotional state while at school, so that it can be dealt with, to provide a happy learning environment to all students.

If a child memorizes ten words, the child can only read ten words, but if the child learns the sounds of ten letters, the child will be able to read 350 three sound words, 4,320 four sound words and 21,650 five sound words.

- Kozloff, 2002

An inspirational story of Dan Spencer, USFWS biologist

Dan Spencer shares how struggling with his disability brought him to where he is today. Dan had a love of the outdoors from a young age and he shares his story of how he was able to use his love of the outdoors to his advantage to raise public awareness and reach as many learning disability affected individuals as possible.

Dan's blog chronicles his struggles and the positive outcomes in his life despite his learning disabilities. View Dan's blog on:

THE DEVIL'S COLD

-Aryan Rajagopal 7D

You know, they say that
You don't feel a
sneeze
It just goes and
passes
Like a
breeze

But these words,
As facts, they fail
Cuz' my sneeze
Had the power of a gale!

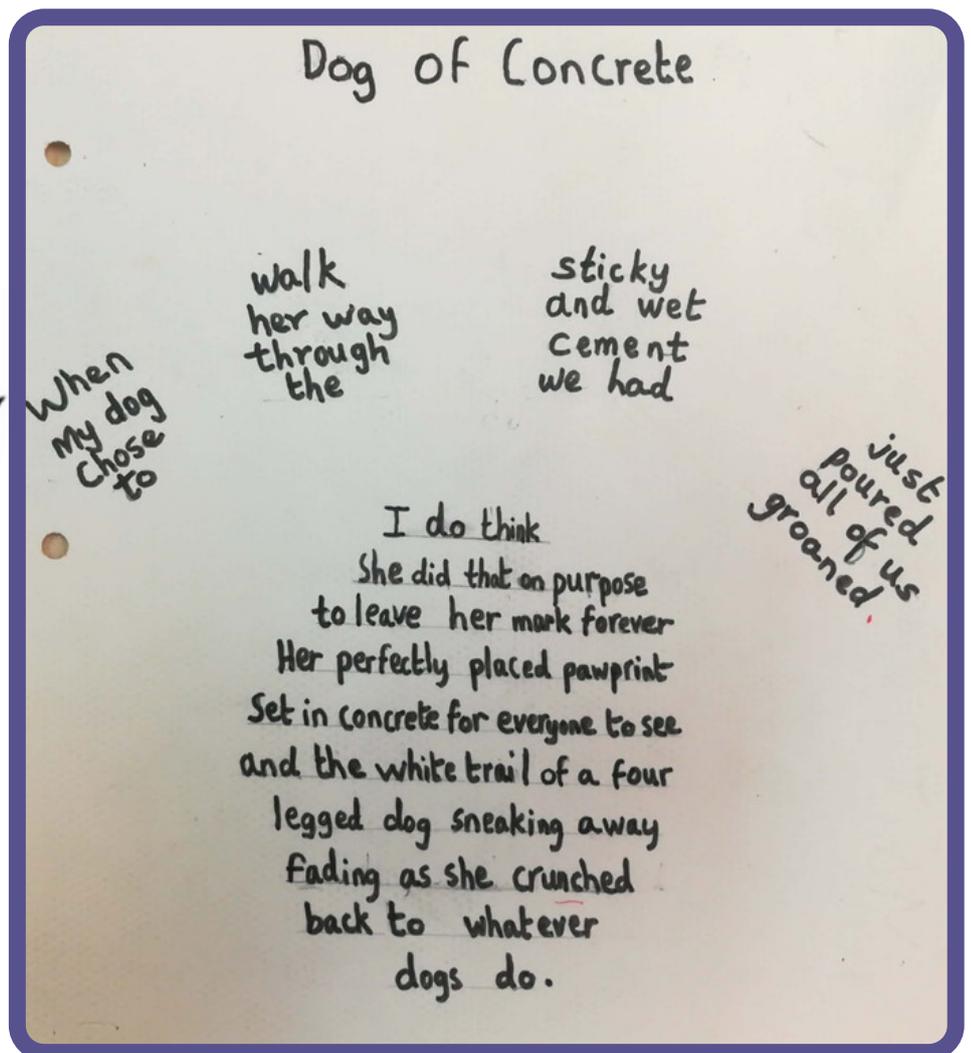

My nose is leaky
My mouth burns a lot
I can't speak or move
I feel sweltering hot!

The doctor told me to stay in bed
Although, I still feel worse
People surround me with gifts and
cards
But I still feel like I'll burst!

Deep inside me, a small smile is
forming
It's actually happening, that
That's because...
I'm going to miss the exams! 😊
